

Feedback Process Report

Feedback is one of the most effective teaching and learning techniques that puts out a direct impact on both teaching and learning process that has an immediate impact on the process of acquiring knowledge. Feedback in education is an essential part of the system.

The importance of constructive feedback allows for many positive opportunities. One important element is that feedback provides a foundation for positive student and teacher relationships.

In this regard, S.D College for Women provide the necessary arrangements for the feedback responses from students, teachers and other stakeholders on curriculum related institutional processes. The ultimate aim of stakeholder's feedback is to get useful insights for the purpose of improvement in all aspects of teaching, learning, assessment and capacity.

Curriculum, being one of the significant aspects of the teaching learning process, needs continuous and periodical evaluation. The process of development of curriculum is presented below.

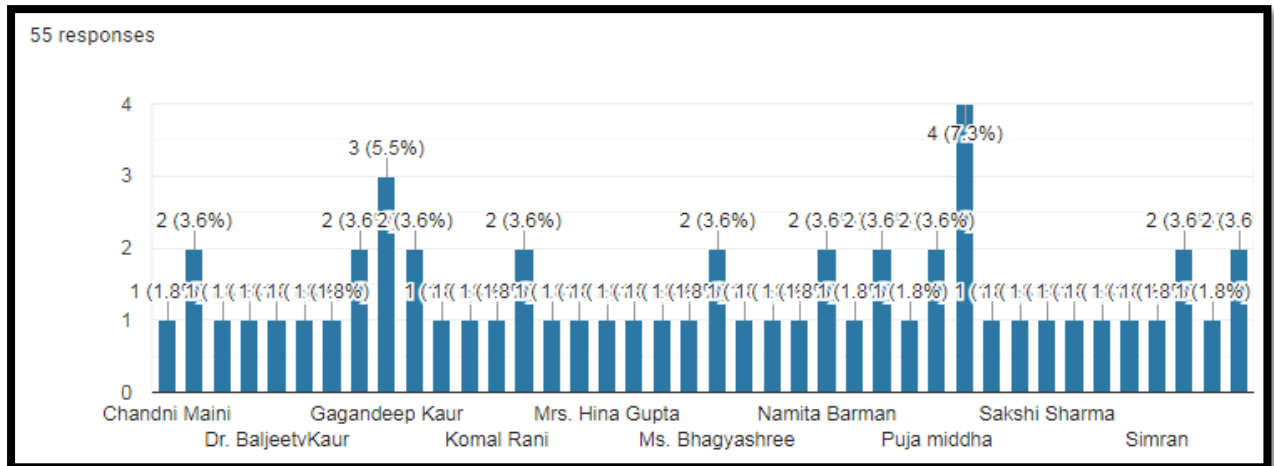

The feedback on the curriculum is recorded at the end of each term. Development of curriculum for different programs begins with evaluation of the existing curriculum in the light of the needs of the stakeholders as **Students, Teachers, Employers and Alumni**. Feedback collected, analyzed and action taken and feedback reports are available on college website <https://www.sdcmoga.com/>

S.NO.	SUGGESTION	ACTION TAKEN
1.	There must be Teacher training regarding subject for adhoc staff in the University.	Equal Opportunities for teachers to attend GOC, Seminars, FDPs, Refresher courses etc are provided. Research Wing actively motivates the staff members to participate in various research fields.
2.	Co-curricular activities should be enhanced	For the overall development of the students, every department/cell/committee will ensure to organize co-curricular activities.
3.	Job drive should be organized in the college for the placement of students	Career Counseling & placement cell was assigned the duty to ensure job placement for outgoing students
4.	It would be great to open a boutique in college to give more exposure to the students of fashion Designing so they be able for earning while in the stage of learning and to ensure physical fitness of students more health guidance lecture and sports activities must be arranged for students.	Concerned departments were given the responsibility to give exposure to the students.
5.	Suggestion from my side is need to explore research writings for the students, so in that case need to organize seminars for the students	IQAC will ensure to inculcate the habit of research among students and staff.
6.	Industrial visit and Industrial interaction should be given more importance as students need a greater exposure to the industries in order to adapt to the industrial environment which they will enter into on completion of their degree.	All the department HODs will ensure the maximum industrial interaction of their students for enhancing their exposure.

Action Taken 2021-22 (STUDENT FEEDBACK)

S.No.	SUGGESTION
1	I am glad to provide you with my feedback about the college. My overall experience to date has been amazing, and the college is having an amazing infrastructure. Your college has provided me with a number of opportunities to grow and explore my skills. The emphasis on sports along with education always helped me a lot. I have always found a positive and healthy environment and the teachers are highly supportive. Most of my doubts were cleared after the classes get over.
2	Educational trips should be organized Carrier orientation drives should be organized
3	(a) Improve cleaning Of classes Benches And Bathroom Areas properly And focus on revision (b) Cleanliness will be properly maintain
4	Use LED Projector for teaching
5	Provide cold water facility and also provide adequate study material so that student can understand each concept
6	(a) Students get to know about their assessments when final result is declared but there should be criteria to at least inform students before exams about their assessments marked. (b) The system of evaluation should be improved Overall the college is good
7	Develop college and Decrease fess rate
